Good afternoon Diane,

I kind of just wanted to introduce myself and see if you wanted to set up a call soon to discuss this project. I'll be handling the PM duties for this effort. I know there is a lot of pressure to quickly get the contract out the door and get the work done. I wanted to make sure we are all on the same page and ensure I have all the information I need to get the contracting portion started as soon as the initial funding comes in. I have already started some of the prework and scope development and our solicitation folks are ready to move forward.

Travis mentioned that it might be good to pull in CDM, pre RFP, for a discussion. I wanted to get your thoughts on that before I set anything up.

I'm free most of the rest of the week for a quick chat if you have time.

I look forward to working with you on this.

Thank you,

Justin Shoemaker
